Web Registration Portal
Designed for Developmental Disabilities Services

Do you provide Camps, Social Groups, Workshops or Group Learning Sessions?
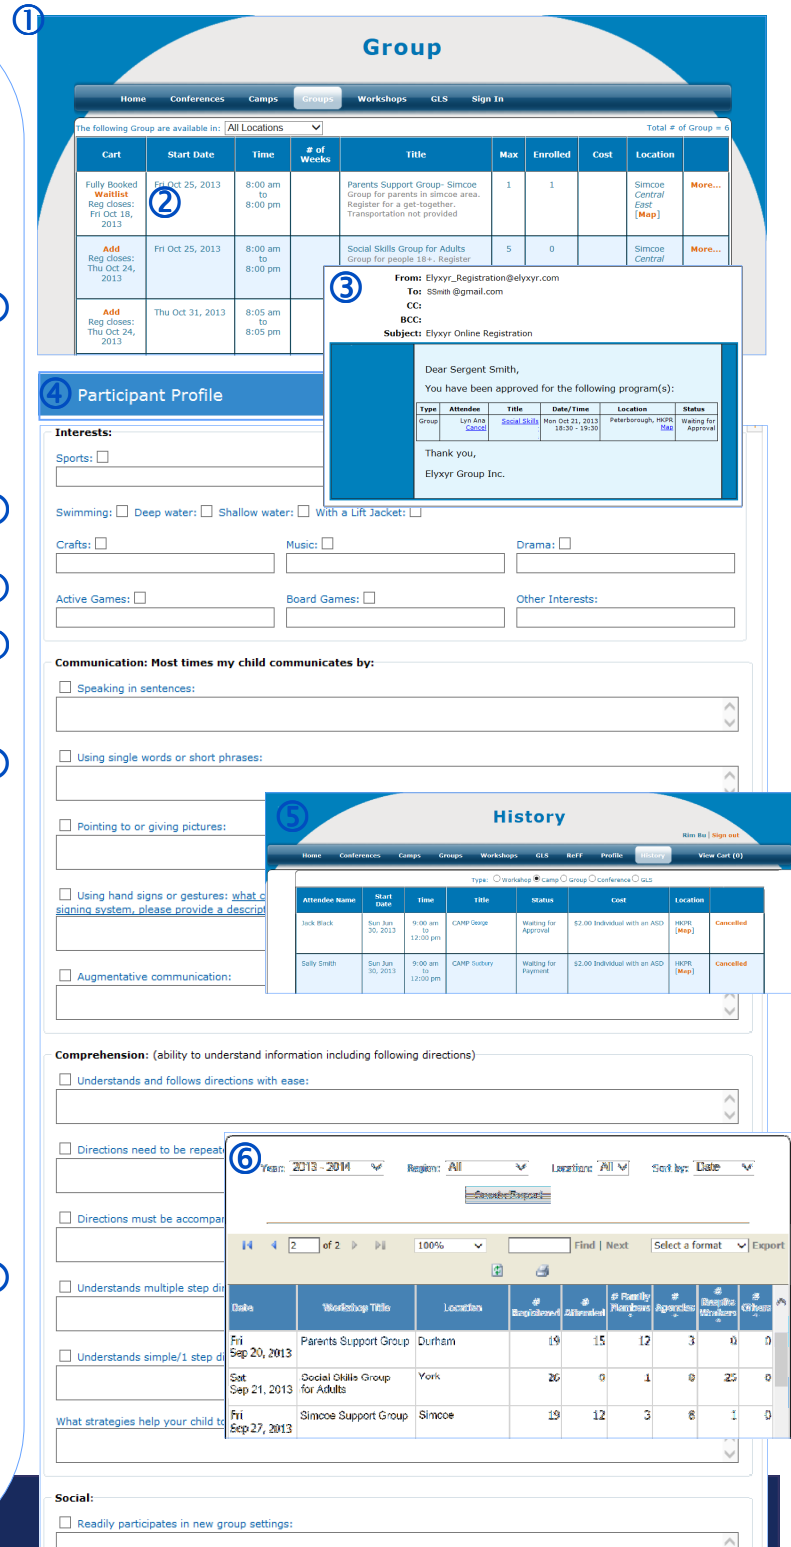

Elyxyr's Web Registration Portal automates and streamlines your registration and payment process. This portal is especially customized for organizations supporting families with children with developmental disabilities.

___ Community ___

- No line up, no phone call, no paper, no fax and no mail.
- Registration **open 365/24/7** for parents' convenience.
- View all events together in one page with their details including **maps** to the venues. ①
- Instant confirmation of registration upon successful **credit card payment** through a **2048 bit SSL encryption** payment process.
- When an event is full, get on a chronologically-based **waitlist**. ②
- **Email reminders** 3 days before an event. ③
- Parents maintain **comprehensive profiles** of participating children so agency always has most **up-to-date** information. ④
- Access past registrations for record keeping and tax receipts if applicable. ⑤

___ Administration ___

- **Automate, streamline, expedite and off-load** registration process reducing resource requirements.
- Register on behalf of the client, if necessary.
- Facilitates events that require confirmation of eligibility before registration is approved.
- **Manage content of emails** sent by the system.
- View client's **history of participation**.
- Reports to facilitate **ministry-reporting** and **bank reconciliation**. ⑥
- **Slideshow** to feature some events more prominently.
- Waitlist functionality to always ensure a **full session**.
